PROUDLY CANADIAN  FIÈREMENT CANADIEN

# Introducing the "Limited Edition" Tool Collection

Celebrating 100 years is a proud and historic milestone. One my grandfather surely did not consider when he founded the company in 1912. Over the course of a century, a company accomplishes many things. Amongst the most important to me is knowing you've delivered quality tools that have helped people achieve great things. Whether it's been our armed forces fighting for freedom, maintenance personnel delivering record productivity or supporting our natural resource industries in becoming world leaders I'm proud of the role our products have played in so many extraordinary achievements.

As a thank you for your unwavering support, the following two pages consist of either commemorative tools or specially priced anniversary products.

A brilliant century. Thank you.

Alex Gray  
Owner & Chairman

Take advantage of this once in a lifetime opportunity to own a piece of Canadian tool history. These collectors' sets will only be manufactured during Gray Tools centenary year, 2012.

Each tool is engraved with the commemorative anniversary logo.

Every set is assigned a special serial number permanently marking its uniqueness.

All sets include limited edition tool organizers.

A "Thank You" card signed by Alex Gray is included in each set
